901	Abalone Pearl	Coral-pink, single to semi-double, early A graceful coral-pink with a sunny golden center. Slightly fragrant. Makes an excellent companion for 'PINK HAWAIIAN CORAL' as the coloring is similar and they both bloom together early in the garden. Height: 32 Inches Spread: 24 Inches <i>Hybridizer: Krekler</i>	\$19.00 ea. 
902	Buckeye Belle	Red, semi-double, early to midseason Beautifully formed medium size bowl of blackish, deep red outer petals cradle a center made up of smaller petals and stamens having filaments the same color and gold stamens. Guard petals are broad and large. Good bush habit. Height: 36 Inches Spread: 24-28 Inches <i>Hybridizer: Mains, 1956</i>	\$19.00 ea. 
903	Cherry Bomb	Red, midseason Deep red flowers are held nicely above the foliage. Makes a wonderful cut flower. Height: 36 Inches Spread: 24 Inches	\$17.00 ea. 
904	Coral Charm	Coral, semi-double, early-midseason Deep coral buds open to coral-peach color, gently fading to softer shades of coral and yellow. Vigorous plant that may need staking. Height: 36-45 Inches Spread: 24-30 Inches <i>Hybridizer: Wissing, 1964</i>	\$25.00 ea. 
915	Coral Fay	Rose red-coral, semi-double, early-midseason Radiant rose red with coral overtones on petals. Fragrant. Height: 32 Inches Spread: 24 Inches <i>Hybridizer: Orville Fay, 1973</i>	\$19.00 ea. 
916	Coral Supreme	Coral, semi-double, early Strong stems, good for cutting. Gorgeous semi-double with beautiful salmon-coral blossoms atop vigorous, healthy plants. Excellent cut flower. Height: 36 Inches Spread: 24 Inches <i>Hybridizer: Klemn, Wissing 1964</i>	\$25.00 ea. 
905	Felix Supreme	Red, double, midseason to late Bright magenta – carmine globe shaped blooms with incurved petals surrounded with large guard petals. Very large flower heads that are excellent for cutting but may need support. Vigorous plant. Foliage is heavy, making a good landscape bush. Height: 32-36 Inches Spread: 24 Inches <i>Hybridizer: Kriek, 1955</i>	\$15.00 ea.

906	Festiva Maxima	White, double, early to midseason Tried and true older variety you likely remember from Grandma's garden. The flowers are globular, with wide petals and a massive, loose form. The color is the purest of whites with prominent crimson flares on a few central petals. The foliage is broad, the stems are strong. Free flowering, vigorous growth habit. Noticeably fragrant, reliable bloomer. Height: 34-36 Inches Spread: 24 Inches <i>Hybridizer: Mielles, 1851</i>	\$15.00 ea. 
917	Fibiro Gold	White, Japanese, early to midseason Pure, somewhat translucent white – yellow center. Extremely floriferous, choice white Japanese type bloom. Vigorous grower. Height: 30 Inches Spread: 24 Inches <i>Hybridizer: Gilbertson</i>	\$19.00 ea. 
918	Garden Parfait	Pink, Japanese, late Cerise pink guard petals and shell pink to white petaloid center with a prominent ring of stamens. Gives a pleasing gold and pink parfait appearance. Stamens and pollen, fragrant, good substance. Height: 34 Inches Spread: 24 Inches <i>Hybridizer: Roy G. Klehm, 1999</i>	\$19.00 ea. 
919	Grover Cleveland	Red, double, late Double type; large; late midseason. Bright crimson; mildly fragrant. Medium height; fairly floriferous; stiff stems. Excellent foliage. Valued because of its late blooming and its large, compact flowers. Height: 36 Inches Spread: 24 Inches <i>Hybridizer: Terry, 1904</i>	\$15.00 ea. 
907	Kansas	Red, double, midseason A distinctive, hard to describe color: watermelon-red bordering on bright pink. The color is sunfast, ensuring top performance, and it contrasts well with the mid-green foliage. Rose type blooms which are fully double on upright, very strong stems. Highly recommended variety. Height: 32-36 Inches Spread: 20-24 Inches <i>Hybridizer: Bigger, 1940</i>	\$15.00 ea. 
908	Karl Rosenfield	Crimson red, double, midseason Large, beautiful, double crimson flowers on the tips of strong stems. Excellent cut flower. A classic and a vigorous garden plant. Height: 30-36 Inches Spread: 24-30 Inches <i>Hybridizer: Rosenfield, 1958</i>	\$15.00 ea. 
920	Kevin	Pink, double, early to midseason Dark pink double melting to light pink at center. Sturdy, strong stems and tall, dark green, glossy foliage. Excellent large cut flower. Height: 36 Inches Spread: 24 Inches <i>Hybridizer: Krekler, 1975</i>	\$15.00 ea. 
921	Largo	Pink, Japanese, midseason A superb, wide-spreading, eye-catching Japanese variety with large, showy blooms. Large and rounded soft pink guard petals enhance glowing center of rose and gold staminodium. An altogether appealing presentation. Excellent stems and plant. Slight fragrance Height: 36 Inches Spread: 24 Inches <i>Hybridizer: Vories, 1929</i>	\$19.00 ea.
